This review is from: REVENGE - A Mick Murphy Mystery (Kindle Edition)

Mystery writer Michael Haskins dug out this prequel to his Mad Mick Murphy series, an adventure that takes place prior to the Irish American journalist/detective's settling down to murder and mayhem in Key West. A story that stretches from Harvard to California, "Revenge" will keep you guessing. And the denouement is a shocker you don't see coming, nor does Mick. Intricately plotted, you'll be surprised that this was one of Haskins' first attempts at writing a mystery. Add it to your bookshelf, either paperback or electronic.
